Grid and Web Services Working Group

Session 1 – UWS 1.1 update

André Schaaff, Andreas Wicenec

22 May 2014

IVOA Madrid, 19-23 May 2014

Third GWS Session

- This session is dedicated to UWS update to 1.1

- We had requests concerning (at least in Pune and Heidelberg) the update / evolution of this standard to clear some points or to add functionalities

- Paul Harrison prepared a dedicated page on the IVOA wiki :
  - http://wiki.ivoa.net/twiki/bin/view/IVOA/UWSEnhancement

- If we have remaining time we will also have a discussion about the future : is a UWS 2.0 necessary ?
