How Can Data Models Help to Enhance **Interoperability**

Scientists - Data providers - Developers
Model users have the floor

Workshop step #3: Interop Sessions

- **Model users have the floor**
  - No model diagrams
  - No XML
  - Developper point of view
  - Science cases

- **Expected returns for the community**
  - Connection between modeler and model users
  - New model cases
  - Vision of where the model developments could end up.
