UCDs

Kyoto-InterOp2005

Final report

- Joint session with DM

- Joint session with VOEvent

RoadMap for the WG

- Create Board(s) to maintain vocabulary and tools (end of May)

- Move the UCD vocabulary to status of VO standard (=> PR within summer)

- Ask VOExec to change the WG name to: "UCDs and Semantics" (by next InterOp)

- set-up IF to other WGs/IGs : **DM, Theory, VOEvent**, ...

UCD Boards:

- **Sci-Board** (vocabulary)
  - The board discusses on evolution/ modifications/ suppression/ addition of ucd1+ words
  - End of may: board is composed
  - Work in June on list of words
  - Then, move list of words to PR
- **Tech-Board** (tools)
  - In charge of building software and tools

Discussion on VOEvent :

- Allow a 6 months period
  for the definition of a list of standard expressions
  used by the VOEvent producers.
- Discuss possible changes to the content of the
  <Hypothesis> schema within the VOEvent
  core-mailing_list after this meeting.

IFs between UCD-WG and:

- Data Model WG (UCDs, vocabulary)
- VOEvent WG
- Registry WG
- Theory IG
