 - New PR in january
 - RFC started
 - Could go to REC by July
- **ADQL 2.1**
 - PR since januray
 - RFC can start as soon as ref implementation ready
- **SCS 1.1**
 - standby

Roadmap 2017B status

- **SLAP 1.1 → SLAP 2.0**
 - Several comments were taken into account (DALI, etc..).
 - This now a larger revision
 - Working draft to be published
 - **ProvDAL :**
 - An independant document produced
 - Reference implementation
 - To be promoted as an official WD
 - **ProvTAP :**
 - An independant document produced
 - To be promoted as a WD
 - Reference implementation : CDS still working on it.
 - **DataLink feedback :**
 - Discussion went on. Issues to be solved this week (hopefully)
- 

RoadMap 2017B
