VOTable-1.2 very close to REC

- At Strasbourg meeting, VOTable adjusments (xtype attribute for TAP needs, mime types)
- RFC period on document 20090710 until 2009-09-09
  - requirement for fully backward compatibility
        <INFO> tag sub-elements)
  - xtype (eXtended datatype) contents is free
- new document 20090929 for TCG review
- problem of elementFormDefault in XML-schema as 'qualified' + correction of bad phrases

VOTable-1.2 final version

$\Rightarrow$ Final document 20091102 for REC (this week?)

**No VOTable session
this meeting**

- Need for a VOTable-1.3 ?
  - 1.0 → 1.1 = 2yrs
  - 1.1 → 1.2 = 5yrs
- Future of the VOTable WG to be decided

Thanks to contributors and supporters of VOTable
