Thoughts and Resources

IVOA needs to gather diverse requirements and identify resources that can be useful for as many instances as possible.

Start small and do what we can.

- Collect more resources and tutorials, and work on translating them into more languages. Welcome get in touch (lishanshan@nao.cas.cn) and contribute.
- Help organize the IVOA Newcomers Session and hackathons.
- Collaborate with other IVOA WG and IG.
- Collaborate with other organizations, such as IAU OAD, IAU OAE, BRICS, and others.
