# DAL : status and introductory remarks
## F.Bonnarel, chair
## M.Molinaro, vice-chair

# Progress since Sesto

- SIAV2 : two upgrades of the PR. Second review by TCG. Close to completion.

- Work on AccessData relaunched due to proxy conclusion of SIAV2.0

- Work on TAP 1.1 and DALI 1.1 leads to new Working drafts to be released (implementations?)

- Work on ADQL 2.1 draft went on slowly (implementations?)

- Voevent Transport protocol and SimDAL working drafts endorsed by DAL working group

# DAL 1 session
