Resolutions and Actions - I

- VOSpace:
  - Identify core metadata in Dublin Core and HTTP header keywords
  - ACL discussion
  - Typing and regex for properties (>1.1)
  - Set of service metadata
  - Do not expose underlying implementation details but redirect to API
  - SRB/iRODS
  - VOSpace 1.1 PR by EOY

Resolutions and Actions - II

- Basic Profile:
  - Andreas Schaaf will produce prototype for RESTful services for Trieste intertop
  - SOAP BP dependent on VOSI
- Delegation:
  - Proceed with Guy Rixon's delegation protocol to WD
- UWS:
  - Add errors
  - Promote to PR by Triests
- VOSI
  - Schema changes to getAvailability
  - getCapability metadata
  - PR by EOY
