

DAL – Simple Access Protocols

- S*A Protocols
 - Presentations on VO for Ground-based Optical Spectroscopy and Spectrum Service Features
 - Detail clarifications
 - Looking forward to Approval for standards currently in train
 - Agreement to prototype SIA V2 Query method, volunteers accepted

DAL - TAP

- Long and detailed discussions about service and content metadata
 - Format
 - Provision
- Agreed to prototype information schema approach to metadata provision leading to a decision about what form this will take in TAP V1.0 within 3 weeks
- **Outstanding issues:** Capabilities supported in TAP V1.0
