

UCD Update procedure

IVOA Interop Meeting , Santiago , Oct, 2017

Mireille Louys, Semantics WG

UCD Update process

Proposed at Interoperability Meeting in May

Maintenance Document proposed as WD

- <http://www.ivoa.net/documents/UCDlistMaintenance/20171018/>
- A wiki page to gather requirements for new terms
<http://wiki.ivoa.net/twiki/bin/view/IVOA/RFMforUCD>
- Response by the maintenance committee within 1 month
- Review and decisions every 6 months by Technical Coordination Group (IVOA working groups chairs)

UCD Unified Content Descriptor

<http://www.ivoa.net/documents/UCD1+/20170831/index.html>

The UCD1+ controlled vocabulary Version 1.3

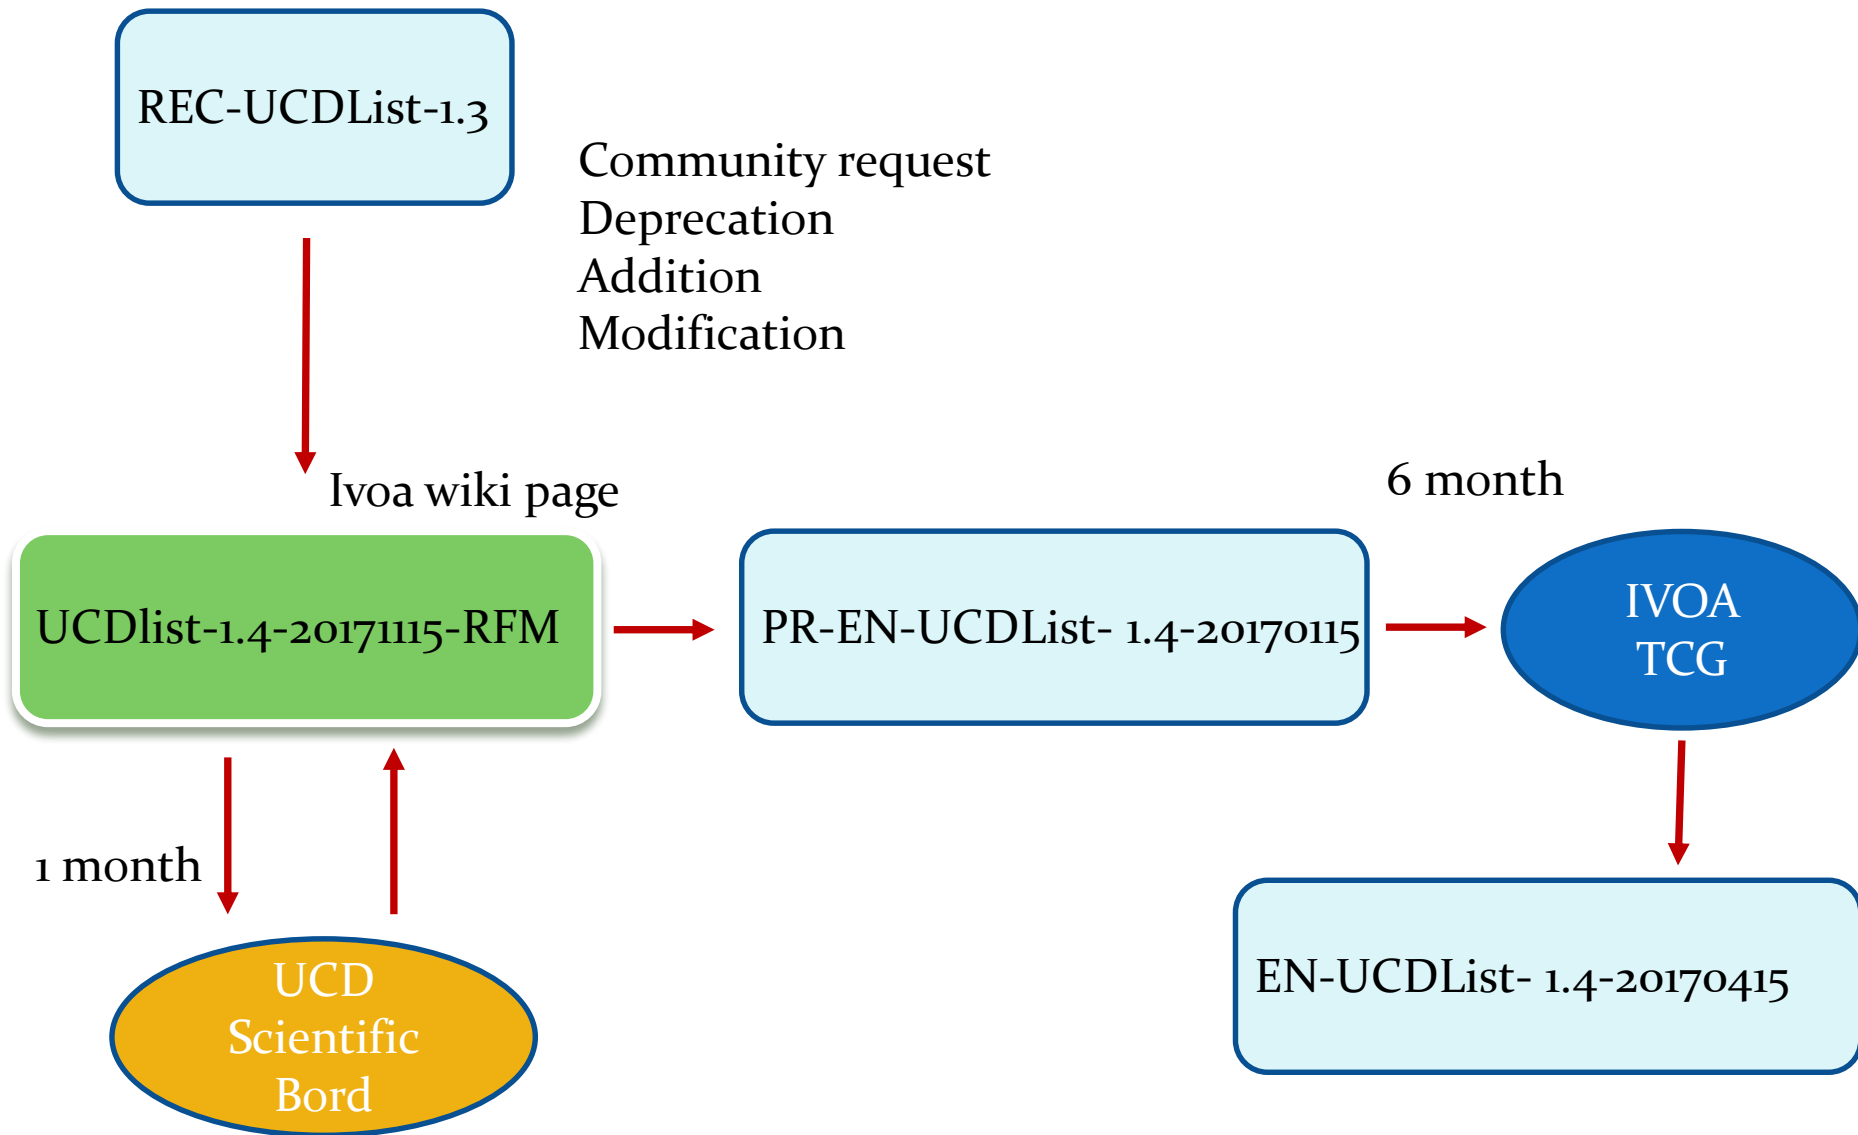

Version 1.3

IVOA Proposed Recommendation 31 August 2017

UCD Maintenance Process

Access to IVOA vocabularies

All vocabularies including UCDs should be available at ivoa.net repository

Possible formats : csv, RDFa, RDF/XML, others.

`ivoa.net/vocabularies/ucd-1.3-20170502/`

Simulation parameters skos concepts

- Updates of the access via persistent url

`purl.ivoa.net/vocabularies/theory → purl.obspm.fr`

- Need for an update of SimDM → Errata document to be prepared by H. Wozniak
