Ref. Implementation 1	Given the nature of the specification, there are no specific reference implementations, although any IVOA SOAP-based web service could be regarded as one, e.g. any of the VOSpace 1.0 or 1.1 reference implementations

Recommendations to EXEC	There has been unanimous approvals from all TCG members. Minor comments have been updated in the fnal version. So we recommend the IVOA Exec to approve WS BP 1.0 as an IVOA Recommendation.
