Draft Agenda of the VOQL WG for the October 2004 Meeting

August 20, 2004

1. Status of Current Specifications

Status of Open SkyQuery

Status ADQL0.8

      Do we want to make it proposed Recommendation 1.0 even without DML ?

Minimum Functions for SkyNodes

      How to name them ?

      Where to define them (SkyNode spec)?

      Do they go in the ADQL grammer eventually?

2. Relationship with other WGs, especially Registry, DAL and DM groups

      Progress on the Virtual Columns idea toward ADQL 1+

3. Review Roadmap in 12-24 months

4. AOB

Masatoshi Ohishi, chair of the VOQL WG

Wil O'Mullane, acting chair at the Pune meeting
